Summer Reader Software Version 8 Now Available

Indianapolis, IN – February 23, 2010 – Evanced Solutions announced today that the newest release of their popular Summer Reader product is now available. The 8.0 release brings new features and functions to customers as they begin preparations for a new year of summer reading.

The release features many changes driven by the requests and needs of Evanced customers. Over thirty changes, additions, and features can be found in the newest release including:

- Integration with Facebook
- Addition of “patron goal” and “program goal” progress bar graphics
- Improved advanced search features
- Ability to export all report types into Excel

A complete list can be found at http://storage.evanced.info/docs/SR_2010_Features_List.pdf.

For additional information about version 8 visit the Evanced Solutions blog at evanced.blogspot.com and the Evanced website at www.evancedsolutions.com.

Evanced Solutions offers additional capabilities and flexibility with the newest release. “We’re always striving to create software that improves the summer reading experience for library users and streamlines work for library staff,” explains Rob Cullin, co-founder of Evanced Solutions. “The new Facebook features and graphics are a part of the effort to continually make our products timely and relevant.”

Headquartered in Indianapolis, Indiana, Evanced Solutions offers software and dedicated service for libraries of all types and budgets. Online tools include event calendaring, registration, meeting room booking, summer reading management, and library materials vending all designed to better attract and engage the communities libraries serve. For a free webinar and for more information on Evanced Solutions and their products, visit www.evancedsolutions.com or call (888) 519-5770.
