20 New Titles Available in "Free Chapter Download Program"

Sydney, Australia, July 1, 2009-HumanWare, the leader in assistive technologies for people with print disabilities, and digital publishing innovator ReadHowYouWant are partnering to help individuals with reading disabilities and visually impaired readers discover the book reading device and the format that best suits their preferences.

To celebrate this partnership, readers will be able to download free, first chapters of 20 bestselling ReadHowYouWant titles each month as part of the Free Chapter Download Program. Please notify the members of your group that this exciting promotion will be going on through the rest of the year, and encourage them to visit

<http://www.readhowyouwant.com/humanware> for a list of current titles, as well as information on both HumanWare and ReadHowYouWant. The titles selected for the month of July are:

About HumanWare

HumanWare is the global leader in assistive technologies for vision, including products for the blind and visually impaired. HumanWare's products include BrailleNote, the leading productivity device for blind people in education, in business and in their personal lives; the VictorReader product line, the world's leading digital talking book players; and myReader2, the new version of HumanWare's unique "auto-reader" for people with low vision. For more information visit www.humanware.com.

About ReadHowYouWant

ReadHowYouWant Pty Ltd and its parent company, Accessible Publishing Systems Pty Ltd are both Sydney, Australia-based privately held companies founded in 2004 by electronic publishing pioneers Christopher Stephen and Greg Duncan. When Chris's sister, who suffers from MS, developed difficulty reading, they began experimenting to determine whether people with reading difficulties could benefit from changing the text format.

After more than four years of testing, ReadHowYouWant has successfully developed award-winning conversion technology that reformats existing books into the widest selection of on-demand, alternative format editions on the market today. Each edition has been optimized for maximum readability. The company's goals are to make reading easier and more enjoyable by delivering formats that suit the reader and to give people with reading difficulties access to books in the formats of their choice-at an affordable price, and as soon as the book is published. For more information visit www.readhowyouwant.com.
